Reading

Milk is good for everybody. It is good for babies and older people too. Milk usually comes in bottles. But sometime put into cans. It's canned by milk factories. Food is transported in to cities day and night – in ship, trains or truck. It kept cold and clean all the way. Today food is transported by the air too. We get milk from cows. Some city-born children have never seen a cow. In milk there is fat and vitamins. Fat gives energy to our bodies. Vitamins keep us healthy. A hundred years ago no one knew anything about vitamins

The vitamins are named by letters of the alphabet – Vitamin *A*, *B*, *C*,... Vitamin *A* is needed by the eyes. There is Vitamin *A* in milk, butter and green vegetables.

We get Vitamin *D* from milk and eggs and from *sunlight* on our skin. There Are other vitamins, but these, *A*, *B*, *C* and *D*, are the important of them all.

แบบทดสอบที่ 3 Touring the World

Alex went to China to see the Great wall is one of great wonders of the world. It runs for 6,700 kilometers across deserts, grasslands, and mountains. The construction of the wall began in the 3rd century A.D. and was rebuilt in the 15th and 16th centuries.

It was originally built in separate pieces to protect China from invaders. In 214 B.C. Emperor Qin Shi Huang unified the walls together into one *huge* wall. It took ten year to finish. The Great wall is a monument to the building skills and to the wisdom and patience of the Chinese people.

Sandra went to South Africa. She visited Johannesburg, and went down an old gold mine. It was very interesting. She went to the Kruger National Park to see the wildlife. She saw lions, zebras, elephants, lots of impala.. Then she visited Cape Town, Table Mountain in a cable car. The view from the top is fabulous. *There* was hot.
